SPECTRUM

1 9 4 0

To Prof. William H. Heinmiller

The Class of 1940 takes pleasure in dedicating this thirty-first volume of the Spectrum to William H. Heinmiller. A master craftsman of education, his mind is progressive always; keeping up with both his studies and his students. He has earned the right to be called a teacher in the true sense.

Classes

Administration

President Edward Everett Rall, Ph. D.

Dr. Rall is not only a good business man, but his understanding and tolerance are qualities which are and will in the future prove to be of inestimable value to the students. Doing more than his share of the thankless tasks has been his strength and doing them well has been his contribution.

Activities

STUDENT COUNCIL

Democracy has not perished from the face of the earth, and shall not at North Central as long as the Student Council exists. After the transitional ceremony last year, the Council took over the job of being the vehicle of student government and the central unifying body of all college activity. The newly-elected members looked forward to a busy year, and were not in the least disappointed. A brief review of some of the highlights of the year's activities will give ample proof of that fact: Floats for the centennial and homecoming parades, supervision of the sale of green caps, Homecoming, and College Day all took thought, discussion, time, and energy. In order to acquaint the students with the workings of the council, a booklet was distributed to all who wished a copy. It contained the constitution and an explanation of the various phases of the work and relationships of the organization. Three delegates were sent to the NSFA Convention at St. Paul, and financial aid was given the college Christian associations to enable delegates to attend their conference in Toronto, Canada. Oh yes, it must not be forgotten that Lowell Messerschmidt was appointed as wastebasket chairman. He did get a wastebasket for use in the council room!

This year's council has tried to act in the best interest of the organizations which it represents, and to bring into being such changes as student opinion warrants: these are the functions of the Student Council. As this year's members close their period of service and turn the records over to a new council, they hope that the new members will be able to do even more for their college.

SOCIAL COMMITTEE

One doesn't ordinarily think of a college party as being a headache, but each one is for someone. That someone is usually one of the members of a group called the social committee. This committee spends two hours once or twice each month planning for social events. The members began working hard the first week after school opened, to figure out some original way to introduce the freshmen. Social events as planned do not satisfy all the people all the time, but the committee does hope that all of the students have fun at several of the events.

The County Fair of this year was a memorable occasion, even surpassing last year's. Remember the fun you had at the treasure hunt? "That tea was delicious . . .", the remark wafts to our ears, so we plan more teas. Do you keep up with Little Abner? Well, you're lost around here during February if you don't. Saturday, February 17, the girls displayed their courage and fought for the men in a Sadie Hawkin's race. This party proved to be one of the best of the year, and the eager participation of the students was an inspiration to the committee. "Why, I can't skate!" "Oh come on, you'll only fall down a few times", and so off they trot to a skating party. If you really want fun plus exercise, just flock on down to the roller whirl! A review of the year's program brings to mind some of the most vivid experiences and gayest times ever seen at our North Central.

Y. M. C. A. CABINET

The smiling masculine faces in the top group are those of the Y. M. C. A. cabinet members. These men started the year by meeting new students at the train, aiding them in getting adjusted to their new surroundings and playing host to the newcomers at the annual Pi Nu Alpha banquet.

The outstanding activities for which the Y was responsible during the year were: Religious Emphasis Week, Vocational Guidance Week, the Student Handbook, fellowships and numerous campus speakers.

The Y. M. C. A. is composed of an executive committee that is elected by the men of the student body, and a cabinet staff of thirteen members who are chosen by the executive committee and advisors. The influence of the Y touches all students. The general aim of the Y. M. C. A. this year was to help give each man on the campus a physical, mental and moral makeup acceptable in the eyes of his Maker.

Y. W. C. A. CABINET

This year's YWCA cabinet with the aid of its able faculty advisor, Miss Clara Bleck, had a very successful year. The cabinet met each week to make plans for the work

of the YWCA on North Central's campus.

The fall of the year was an especially busy time for the Y because of the Big and Little Sisters' programs. For that matter, however, each season had its tasks to be done. The first and third Tuesday evenings of each month during the year were reserved for fellowships when music and worship were combined in inspirational services. The social service committee sponsored work in a Chicago Children's Memorial Hospital as a project this year. In addition joint work with the YMCA seemed to be at an all time high. Girls, the YWCA is your association. We want you to use it and to enjoy its facilities.

CENTRAL COMMITTEE

Working together under the guidance of the Central Committee, the Christian associations have achieved much. The committee sponsored, this year, the retreats, Religious Emphasis Week, Vocational Guidance Week, chapel programs, a week of emphasis on International Relations, joint fellowships, and numerous outstanding speakers. Throughout its program, the Central Committee has attempted to carry out its theme for the year, "the Kingdom of God on North Central's Campus through individual and collective action".

ORCHESTRA

Every year in the fall a number of students interested in instrumental work join together to form North Central's all-school orchestra. Membership consists of students of the music school who are attempting to broaden their musical education, and college students who join because of sheer love for music.

This year's orchestra was quite large as can be seen by the picture opposite, and seemed to be musically very well balanced. It owed its success to its able president, Alberta Seiwert, and its competent director, Dr. Fredrick Toenniges.

The orchestra played at the Freshman Reception and furnished the music for the afternoon program on College Day. Its annual concert was presented Friday evening, May fifth. At this concert the orchestra was assisted by musicians from the Aurora Civic Orchestra brought to our campus by Dr. Toenniges. The program consisted of both classical and modern music.

BAND

What would a football or basketball game be without a band? It wouldn't be complete! So the band of North Central attempted to display what an athletic contest was with a band. Yes, the band, a strictly voluntary organization, was on hand to arouse enthusiasm and school spirit wherever necessary. It was also the leader of such dignified events as Homecoming and May Day. It was a really vital part of school activity and as such was given credit.

The most important performance of the band was its mid-year concert. This annual concert given February 29 in Pfeiffer Hall under the capable direction of Dr. Fredrick Toenniges, was well attended and well received. There was unusual talent in the band this past year, and it was without doubt one of the most outstanding bands North Central has ever produced. The organization as usual demanded hard work on the part of all of its members, and a great deal of its success may be attributed to its president, Wendell Freshley.

CHAPEL CHOIR

Beauty and atmosphere are added to our chapel worship services by the Chapel Choir, composed of forty of the most talented singers at North Central as chosen by selective tryouts. The choir is under the capable direction of Prof. C. C. Pinney assisted by Robert Hieber, choir organist. You may hear the group rehearsing on Monday for the chapel services of the ensuing week.

Occasionally the choir sang from the platform and was gowned in black and white vestments which made a most impressive appearance and brought real worship to our services. The Chapel Choir not only provided music for our chapel services, but also was called upon to give vesper services and concerts in nearby communities. During the Christmas season, Handel's "Messiah" was sung by this organization and for the Easter program the cantata, "The Seven Last Words of Christ", was given. It has been a pleasure to sit back each chapel and listen to the fullness and the richness of song by our Chapel Choir.

SIGMA RHO GAMMA

Sigma Rho Gamma, North Central's chapter of a national honorary music fraternity, includes in its membership music majors of both the college and the music school. At the monthly meetings opportunities are given the members to present by means of lectures or performances the results of their studies in their specialized fields. The organization sponsers chapel and league programs, provides some social life for music students, and attempts to make the campus music-minded. It secures speakers to give members new ideas in the field of music.

The fraternity was headed in 1940 by Paul Freshley, who proved himself to be very competent. Its sponsers, Miss Helen Watson, and Professor Pinney, did their best to develop members into budding composers and lovers of music for its own sake.

GIRLS' GLEE CLUB

The Girls' Glee Club practiced diligently this year for its two big concerts. The first of these was a sacred concert presented at Orchestra Hall as a brief devotional period for the Sunday Evening Club. The Glee Club felt very privileged to have had this opportunity to sing before an audience composed of people from all over Chicago. The second was their regular annual concert made up of sacred music, modern pieces, and selections from well-known operas, which was given the evening of April fifth.

The Glee Club with the aid of their capable director, Miss Mary Cook, seeks to arouse interest in good music. It endeavors to give girls who are not taking music courses as well as those majoring in music, an opportunity to find enjoyment in singing. The club is open to any who are proved eligible by competitive tryouts held in the fall.

MEN'S GLEE CLUB

The Men's Glee Club of North Central this year added new weight and lustre to the tradition of its being one of the most popular and effective organizations in the extracurricular scheme. Membership is determined by competitive tryouts in September. As is inveterately the case, this year's tryouts were numerous, and the keen competition produced a club of more than ordinary balance and quality. Under the indispensable direction of Professor Baer, with Mrs. Baer as accompanist, the club worked long and hard to produce what was unquestionably the finest concert in recent years, given March eighth. From the inspiring vigor of the Te Deum, to the brilliance of the Italian Street Song, sung exquisitely by the guest soloist, Louisa Hoe, with the club as vocal background, the program was one of finish and artistry. Other outside concerts, given at the Chicago Sunday Evening Club and over Station WMRO in Aurora, added interest to the year's activity.

WOMEN'S AND MEN'S OCTETTES

Service and fun are the passwords of the Women's Octette directed by Miss Mary Cook. This organization began with eight girls as freshmen in the class of 1940. These girls have been active as an organization ever since then. Sacred numbers, modern impressionism, classical and popular numbers are all in their repertoire. The octette appears in concert each spring with the Girl's Glee Club. The girls have been frequently called upon to give vesper services and make numerous week-end trips.

Every spring eight lucky young men are chosen to sing in the Men's Octette. This college institution serves as a contact between the college and the Church which supports it. Last season the group, headed by Alfred Tellinghuisen, its president, sang in numerous churches and appeared on fourteen radio broadcasts including the Major Bowes Amateur Hour. The men endeavor to interest prospective students in North Central by presenting enjoyable concerts and by speaking directly to interested young people.

FORENSIC BOARD

With the flare of a clarion trumpeter, the vice-president's words fell upon the ears of the advancing president and secretary as they opened the door to begin the first meeting of the 1939-40 Forensic Board of Control. The vice-president was practicing his oration for the state contest. With similar gusto the three whipped into action to perform their function of planning the year's program of debate, oratory, extempore speaking, and such other possibilities as dramatic readings, radio commentator contests, and banquet presentations. Budget planning, personnel possibilities in performance, and available intercollegiate meets were discussed eagerly, critically, dejectedly, hopefully, and with determination. Results were bound to emerge.

North Central teams represented the college in debate tourneys held at Lake Forest, Charleston, Manchester and Whitewater; in the National Phi Kappa Delta Tournament at Knoxville; in the State Oratory and Extempore Contest; and in intercollegiate debates held at Wheaton, DeKalb, Olivet, Marquette, Lake Forest and LaGrange Junior College.

An all-speech banquet was held for the first time in the history of North Central upon the suggestion of Professor Oliver and was conducted by the various members of his classes. It was a formal affair and from toastmaster to program performers it was a credit to Forensic Board president, Guy Oliver Jr., and his fellow members.

PI KAPPA DELTA

Pi Kappa Delta is the strongest national forensic fraternity in the United States, being composed of one-hundred-fifty chapters. North Central's chapter, lota, is a member of the largest province of the fraternity, the province of Illinois. Membership is open to students of high scholastic standing who excell in speech. Each member wears the Pi Kappa Delta key, which signifies by its jewels that the member has attained one of four ranks: fraternity, proficiency, honor, or special distinction.

ALPHA PSI OMEGA

The happy people that you have just finished glancing at are members of North Central's "cast" of the Delta Epsilon chapter of Alpha Psi Omega.

This organization, which is a stimulus to dramatic art, provides an honorary society for those excelling in that field.

Notable productions during this year with which this organization assisted were, "Land Ho Sailor!" and "The Merchant of Venice".

HISTORY CLUB

"Town Hall Tonight", was the focal point of the first meeting of the History Club. The program was already on the air, and all of the members were gathered 'round the radio to listen and to ponder. After the broadcast the radio was turned off and the club continued to discuss the question in a very lively fashion. This novel idea of listening to experienced men discuss vital questions proved to be very helpful. The broadcast type of program was varied the year with talks on current topics given by club members, interesting discussions on nations and international subjects, and enjoyable social events.

The History Club consists of history students who show a real interest for their field. Meetings are held twice a month in order that the club might discuss current events while they are current. Professor Attig and Professor Wolf contribute much to the discussions and point out places of interest that members might be able to visit at some time.

Members made it a point this year not to leave early as all meetings were drawn to a close by the social committee in charge of games and refreshments. No more than three helpings of ice cream, Prexy Stone!

BETA BETA BETA

Beta Beta Beta, national honorary biological society, is represented on North Central's campus by the Gamma Nu chapter, which was chartered in 1937. Membership is composed of persons majoring in the field of biology who have fulfilled set scholastic requirements. The aim of the society is to develop sound scholarship, to disseminate scientific truth, and to promote biological investigation. The journal, Bios, published quarterly by this society is the means of communication between chapters and contains many articles of interest and papers written by members.

Probably the most important Beta Beta Beta meeting of the year occurred last fall when the new pledges were initiated into the society during a very impressive service. The banquet which followed furnished the necessary levity and was thoroughly enjoyed by all. An active undertaking of this group is the sponsorship of the up-and-coming zoology club.

To Daniel Ruge, president, is due a great deal of credit for a very worthwhile year. To Dr. Harold J. Eigenbrodt, faculty advisor, the society wishes to express its appreciation for guiding it so well through the past year and for his untiring effort in behalf of the members of the society.

ZOOLOGY CLUB

The Zoology Club provides an informal, personalized opportunity of making additional studies into subjects of a zoological nature, and related fields. The club had its inception in 1927, and has maintained a fine membership and interest through each succeeding year. Membership is open to all students who are interested in the biological sciences. The main objective is to keep zoology students informed on current developments in the field. The regular attendance of a large percentage of the fifty members at the bimonthly meetings testifies to the interest and instructivity that are characteristic of the programs. A typical meeting includes the discussion of current news items of biological interest, and usually the presentation of a paper prepared by one of the students on some phase of the science of life. Round table discussions in medicine have been of particular value at various times. A general trip to Chicago taking in the Field Museum, the Shedd Aquarium and the Brookfield Zoo was one of the feature events of the year. To some of the advanced students fell the privilege of visiting the more inaccessible precincts of the Field Museum, and a chance to meet the scientists and research workers of that institution. A project which was of real interest to the whole student body this year was a chapel program of moving pictures, which gave in a very clear manner some of the basic principles of physiology. Social activities are by no means neglected as several informal teas are held during the year.

SIGMA TAU DELTA

Sigma Tau Delta is the professional English fraternity. Sigma Gamma is the name of the North Central chapter. Membership is limited to students majoring in English and who meet academic requirements. The purpose of the organization is to promote interest in good literature and to encourage the art of creative writing.

The programs of the monthly meetings usually are given over to the evaluation of manuscripts written by the members. Occasionally speakers are secured who give short talks or book reviews. The annual banquet was held in February at which time seven new members were initiated into the organization.

WRITER'S CLUB

The established authors of tomorrow may be those who attend the regular meetings of Writer's Club. This all-college organization was designed to provide opportunity for any student or faculty member to obtain constructive criticism of original writings and to observe the various reactions of club members to their literary efforts.

Much of their writings may be filed in the W.B. (waste basket) but some will merit

recognition.

Meetings are held every other Monday evening at the homes of various members and are characterized by informality.

From the writings of amateurs of today will be drawn the classics of the future.

COMMERCE CLUB

The capable sponsorship of Professor Kerr has made the Commerce Club one of the outstanding college organizations. It promotes fellowship among the students of the Commerce department and acquaints members with practical business problems and gives them insight into the ever-changing business world.

Many of the meetings of the past year featured informative discussions by capable business men from various fields coupled with opportunities for personal consultation and questioning. The climax of the Club's activities was the annual Commerce Club banquet at which time those members with a high scholastic record were rewarded with the coveted Commerce Key. The results of the election of the officers for next year were also announced.

HOME ECONOMICS CLUB

The purpose of the Home Economics Club is to promote friendship within the department and give in an informal manner the latest developments in this field. However, many of the fellows, judging from the odors exuding from the Home Ec room on the first floor, have declared that the underlying purpose is to aid the girls in securing a M.R.S. degree. (Of course, girls, you know why Jim and Glen took the course; they certainly will make some lucky wife a fine husband). During the past year the forty five members have enjoyed a program of interest, education and congeniality.

Before the leaves of brown came tumbling down a reception for interested Home Economics students was given by the two sponsors, Miss Snyder and Miss Quilling. During the year the programs consisted of special speakers, interesting reports, and demonstrations of culinary skill. Five delegates and the two sponsors attended the Illinois Home Economics Convention in October at the Palmer House in Chicago.

A very interesting and worth while project was carried on by the Club during the course of the year. The Club furnished the play materials and the supervision for the play room in the Social Service Department of the Children's Memorial Hospital in Chicago. Every Saturday two girls volunteered for this unusual opportunity of enjoying the supervision of the play room.

The outstanding social event of the year was the annual formal dinner held in March at Julia King's Tea Room in Aurora. The years activities were climaxed by the traditional steak fry held on Fort Hill campus. All devoured steaks in appreciation of the Home Economics Club.

PARNASSUS

The art club was organized for the purpose of keeping interested art students informed on the current happenings in the art world. Membership is not limited to those taking art, however, but is open to all who have an interest in this field.

During the past year the club has sponsored a number of projects including a photographic contest which was held in cooperation with the Spectrum, and a trip to the Italian exhibit in Chicago.

At the meetings discussions of paintings, current exhibits and modern trends take place. One of the meetings was devoted to making modern jewelry from everyday materials. An outstanding program was presented by the Wheaton High School art club when it produced "Snow White and the Seven Dwarfs" enacted by puppets which the members had made. Refreshments always brought monthly meetings to a very satisfactory conclusion.

This year's new members were recognized on the campus when they appeared wearing red berets and bows as the visible proof of their initiation.

Miss Eleanor Rush was the advisor and sponsor of the group for the second year, and Anita Wilkins, president, brought the year to a very successful close.

Leading a student league meeting at Grace Evangelical Church was another activity of Parnassus. A series of chapel programs emphasizing religion through art was well carried out last fall. All in all, the primary aim has been to make art a living subject for everyone and to promote true appreciation of art as an important phase of man's expression.

DELTA TAU LAMBDA

Delta Tau Lambda was organized in 1936 for the purpose of promoting fellowship, scholarship, and research among the students interested in the fields of aeronautical, mechanical, civil, and chemical research, and engineering. The club has attempted to give its members and others interested in engineering an insight into the particular phases of engineering which are not available in the class room and to acquaint them with the modern requirements that science and industry make upon the young engineer.

All about the campus one can see the marks of this group. Have you ever wondered what the little red circles mean? They have been painted by the lads with surveying instruments and are used in surveying the campus. Strange as it may seem, the classes are still surveying the campus. Mighty nice of the boys, in case any part of the campus gets lost, they could let us know about it.

These Delta Tau Lambda men are the budding builders of the bridges of the future. How many bridges, buildings, machines, better mousetraps and sky hooks have been conceived in the minds of this progressive group we know not.

Anyone taking an engineering course is eligible for membership in the Delta Tau Lambda. This fact makes the club an exclusively masculine organization, for thus far no girls have pursued any of the engineering courses.

The group has not had much social activity, for it feels that the intellectual life of an engineer is more important than his social life.

Delta Tau Lambda was headed in 1940 by Dean Scagliola with Prof. Carl J. Cardin as sponsor.

CHEMISTRY CLUB

The Chemistry Club was organized in 1938 for the purpose of developing a broader interest in chemistry and stimulating a more professional attitude among the students toward chemistry. Although one of the youngest groups on the campus, it is among the most active. It is primarily for chemistry majors, but it is open to any student who is interested in chemistry. The industrial advancements made in chemistry is the primary interest. Only students who are taking their second year of chemistry are admitted into full membership with the privilege of voting.

Outside speakers on topics concerning the place of chemistry in the industrial and professional fields and demonstrations are usual features of the meetings which are held every month. Some special phase of chemistry is considered at these meetings. Still more interest in discussions and an increase in the membership of the club will be gained by invitations to chemists, chemistry teachers, and others affiliated with the chemical field to attend meetings as associated members. The club is also a means of better acquainting instructors, assistants, and students. Field trips to places such as laboratories of production plants offer another interest to club members. Refreshments are served at the meetings.

An annual feature of the chemistry department is the chemistry tea which is served in the laboratory before Christmas. The Chemistry Exhibit, one of the yearly presentations on College Day, is sponsored by this group.

The officers of the club include: Frank Huke, president; Don Thompson, secretary; Jack Brissey, treasurer; and Dan Martin, historian. Professor Priem, Professor Nonnamaker and Dr. Koten are the faculty advisors.

PUBLICATIONS BOARD

Even though there is no provision for it in the Constitution of the Student Government of North Central, The Student Publication Board exists. The membership of this body is made up of the editors and business managers of: the Chronicle, Hooper White and High White; The Spectrum, Gordon Kastner and John Baird; and the Cardinal, Dick Harris and Ed Rohrs—weekly, yearly, and literary yearly publications respectively. There are also three faculty members on the board: Prof. White, Prof. Kerr, and Dr. Deabler, who represent the English, Commerce and personnel departments of the college. In addition, the president of the student body and the treasurer of the college are ex-officio members. These board members represent every concerned group in the college, and for this reason the board functions very efficiently.

The work of the board consists first in directing the financial policies of the different publications so that they will keep within the limits of their appropriations, and second, to keep the publications from taking any unwise or undesirable steps in the operations of their publications. The editorial and general standards of policy in the publications must also be controlled so that they will not be incompatible with the scholastic and ethical standards of the college. The function of the faculty members is purely advisory, and usually does not come into play until an outright violation occurs in one or another of the publications. At such times they suggest such corrective measures as are deemed necessary. The students in charge of publications have on the whole proved themselves worthy of the administrative authority vested in them.

CHRONICLE

The College Chronicle has been the official weekly publication of North Central College since 1873. It is published for the purpose of presenting news to the student body and to create a spirit of cooperation with the commercial interests of Naperville.

The aims which the Chronicle staff have set up as a guide are: Primary Purpose:

- 1. To record a running account of college life at North Central College.
- 2. To convey to the students correct, detailed information which would be difficult to distribute sufficiently otherwise.

General Policy: To bring to North Students;

- An accurate resume of past events.
- 2. A preview of coming events, with as complete information as possible up to the time of going to press.

The editorial staff of the paper for the years 1939 and 1940 was admirably headed by Hooper White. Emphasis was placed on future rather than past events. The work of the paper was divided into three departments: News, edited by Guy Oliver; Features, edited by Ed Rohrs; and the Sports Department which was divided among the members of the Sports staff.

The work of the business department was divided into publishing, collecting, advertising and circulation. The Publisher was Hugh White. Coupled with his duties as general business mgr. he closely supervised and cooperated in the work of all the other depts.

The Business Dept. heads were: Collection, Kenneth McKinlely; Advertising, Gilbert Dewilde; Circulation, Ronald Steen, assistants, Robert Shields, Robert Ebersole, Richard Mann.

SPECTRUM

This, the thirty-first volume of the Spectrum, represents many hours of toil and many sleepless nights. The editor doesn't do all the work. He is the boss and the compiler. To the staff goes the credit and to the editor the blame. This year's editor, Gordon Kastner, did more than his share. He has attempted to give to the student body this year a somewhat different book. Instead of this volume being a wordy and uninteresting book, the editor has tried to make it a pictorial representation of college life and activities at North Central. Among the working students who aided the editor in his job were Paul Hunsinger, Manley Dibble and Chuck Dailey who wrote copy and aided in building up the book. Others who gave of their time were Betty Strawe, Lowell Messerschmidt, Marian Beyler, Esther Suhr, Esther Mason, Mabel Hammerschmidt, Don Ostroth, LaVerne Peters, Vivadale Speigler, and our advisory professor, Professor Kerr.

To business manager, John Baird, goes much credit, as he did more than his share of the work, aiding the editor in much of his. Many of the new ideas were John's own. His staff consisted of Dale Harschman, Sally Walker, George Shottenhamel, and Guy Wickwire. This book is not entirely paid for by student fees, and therefore, advertising must pay for the remainder. John, with the help of his staff, has done well with the ads. Patronize the advertisers—they bring a big part of the annual to you.

To the hard working, diligent, and thoughtful editor and business manager a great deal of credit should be given.

A member of the staff.

CARDINAL

The Cardinal is the literary magazine of the campus. Its aim is to bring to its readers the literature representative of the college. To this purpose the Cardinal contains short stories, poems, and other literary pieces written by students, faculty and alumni. To create interest in writing, the Cardinal offers two prizes, the Ferner Nuhn Prize of ten dollars and the Cardinal prize of five dollars. It is the aim of the staff of the 1940 Cardinal to present not merely the best works of the best writers, but also the works of any student who submits material. In this way, the staff feels, there will be interest created in writing.

Although the Cardinal Magazine has been in existence for five years, this year, for the first time it was recognized as one of the regular student publications and is paid for by the student body in the student activity fee. The Cardinal is under the jurisdiction of the Board of Publications generally and more especially, under the direction of Prof. Harold E. White, head of the English Department. The staff of the magazine is selected from the student body. The editor for the 1940 Cardinal is Dick Harris and the business manager Ed. Rohrs.

The material for the Cardinal is collected thru Sigma Tau Delta, the English fraternity, and the Writer's Club. These two organizations are the mainstays of the magazine, for thru them the material is collected and with them the material is selected and edited.

STUDENT VOLUNTEERS

Each Sunday morning at 8:45 in the parlors of First Evangelical Church an active group of college and seminary students meet for a period of worship, inspiration and instruction.

This past year the group has been privileged to have a number of outstanding personalities meet with it. Such missionaries as Dr. Ulmer from China, Rev. and Mrs. McBride from Nigeria, Africa, and Rev. and Mrs. Christoferson from South Africa have given the Volunteers first hand information about foreign missionary work. Bishop Spreng spoke of the work being done in Europe. The group was also privileged to meet a Japanese business man, a living witness of the church's work in Japan. Professor Wolf gave a very challenging presentation of New York City as a mission field. Dr. Eller assisted in the study of our work in Japan.

Through the years, students have participated by leading worship services, taking part in discussions, planning and carrying out musical programs, and skits about our missionary work. Such deputation work as singing to shut-ins on Sunday afternoon, giving programs at churches, and exchanging programs with other Student Volunteer groups is particularly enjoyed by many.

This fall a most helpful outdoor communion service was held. In the spring an outdoor breakfast was given after which the group had a worship service and the newly-elected officers were installed. Social get-togethers were also enjoyed.

This organization is a member of the Chicago Area of Student Volunteers. This group meets monthly on various campi in and near Chicago, and affords the Volunteers the opportunity of becoming acquainted with like-minded students of other colleges and denominations and also other missionaries.

SEAGER ASSOCIATION

The Seager Association is an active organization on the campus concerned principally with those students who are studying for the ministry or are vitally interested in the field of religious education as a vocation. Founded under the name of the late Bishop Seager, this organization has attempted to serve as a means by which students may come in close contact with the personalities of Christian leaders and, at the same time, to afford the students with a means of self expression. Each monthly meeting is devoted to some aspect of religious living by means of a speaker and discussion or the presentation of a number of sermonettes by the students on any subject connected with the general topic of the year.

Under the faithful leadership of Professor Himmel, the Seager Association has come to play an important part in the religious life of the ministerial students, and through its program, it hopes to make more meaningful the personal religious life of those interested in the ministry. The members seek to promote Christian fellowship on the campus of North Central college.

Not forgetting the social aspect of religious living, the Seager Association, in their program, works with other organizations on the campus. Their program includes picnics in the fall and early spring, participation in activities with the YMCA, Student Volunteers and the E. L. C. E. One of the most enjoyable events of the year is the annual breakfast hike at which time a guest is invited. The organization seeks primarily to keep renewing interest in those going into the ministry.

PI GAMMA MU

North Central College can be proud of the fact that its Illinois Alpha Chapter of the Pi Gamma Mu, the National Social Science Honor Society, is a charter member of the national organization. It was organized in 1925.

Membership is limited to those of Junior standing or above, who have twenty or more hours in the social sciences, history, philosophy, psychology, commerce, and home economics, with an average grade of "B" in all college work. In addition, a student must have shown a vital interest in the social sciences and done some outstanding piece of work. Initiation is held twice each year.

The society conducts monthly meetings to which outstanding speakers are sometime invited. Other members report on particular projects which they are doing or books of vital interest are discussed. As a special program this year, the society invited Dr. Martin H. Brickham, a noted authority on unemployment, to speak to the combined group of History Club, Commerce Club and the Pi Gamma Mu.

Each spring the society holds an annual dinner to which all former members are invited and at which times new members are initiated and the officers for the following year are elected.

STUDENT FINANCE BOARD

The Student Finance Board consists of seven members: the president of the college, the treasurer of the college and the professor of commerce, ex-officio; and four students, one of whom is the president of the student body. The three elected and the student comptroller are appointed by the student council in the spring.

The student comptroller serves as secretary of the board and is responsible for the control of expenditures made from the student activity fund. All orders for payment must be countersigned by him.

This organization worries about the money after the students pay their fees. Students little realize how important this board really is. The work of the group is never brought to light unless there is some financial difficulty. The fact that there is little known about the board is proof of its efficient work. It is the duty of the Finance Board to approve the budgets of the various organizations operating from the student activities fund.

Unfortunately Mildred Haldeman who was also on the board is not in the picture.

FLIGHT STUDENTS

For the past year the Civil Aeronautics Authority has sponsored a flying course in the leading colleges and universities of the United States. North Central is fortunate to have been chosen by the Authority to offer this course.

North Central has twenty boys enrolled in the flight program. They go to school on the campus to learn the whys and the wherefores of engines, flight and navigation. Prof. Cardin is the faculty advisor. In charge of the ground school is Mr. E. S. Staples of the Lewis Holy Name School of Aeronautics. The president of the Lewis Holy Name School is genial Mr. John Wilson and the chief pilot in charge of flight training is Mr. A. H. Luke. The school has a fleet of new Piper Cubs which are about the last word in training planes.

The students are given a minimum of eight hours dual instruction which includes learning how to taxie the ship, handle it in the air and land properly. Then for the thrill that comes

to every pilot, the first solo. The instructor steps out and says, "Take her around yourself and bring her back in one piece." Advanced maneuvers follow and continue until the student has flown between thirty-five and fifty hours. Then he is examined by the Authority and awarded his certificate of competency which is equal to a private pilot's license.

Saville, Franzen and Beuscher looking over a Piper Cub . . . Worsley trying to see what makes it tick . . . Winemiller gazing wistfully at a Stintson he'ld like to fly . . . Oliver with "bailing out" equipment on . . . Hampson landed in one piece . . . Saville ready to go up.

Athletics

ATHLETIC BOARD

The Athletic Board of Control is the governing body of all inter-collegiate athletics at North Central. It arranges schedules, determines budgets for each sport, keeps close check upon income and expense, and awards letters to men and women who have met the requirements athletically and scholastically.

All of the major fields of athletics are represented at North Central—football, basketball, baseball, track, swimming and tennis.

The policy is not to over-emphasize athletics, but to promote a spirit of good sportsmanship and keen competition.

This year unfortunately will be the last for Prof. Domm as he has resigned. The board has been successful, however, to get Dr. Hower as the new member for next year.

VARSITY CLUB

The North Central College Varsity Club is the honorary athletic fraternity on the college campus. To become a member one must receive at least one major athletic award, participate in an initiation ritual, and pay a small assessment to meet expenses of the club.

A major athletic award can be won in any of the following sports: football, basketball, baseball, track, swimming and tennis.

The club this year was composed of about fifty active members whose efforts were directed to fulfill the purpose of the club—to further the spirit of true sportsmanship in the field of inter-collegiate athletics, to secure future athletes from high school who will be an asset to the college, and to maintain a unification of athletics with the rest of the school.

A special effort was made to make each regular club meeting an instructive event as well as a social get-together, by means of moving pictures, speaker, etc. Judging by criticism and attendance, we may say that we have succeeded.

One of this year's social successes was the skating party held the last week in March. A good time was had by all.

Back Row—Steinhebel, Stoner, Houden, Shatzer, Douglas, Juhnke, Grambsch, Bishop, Arlen, Boettcher, Schmidt, Coach Fisher Middle Row—Asst. Coach Beiber, Leonard. Roesler, Reibel, Gillogly (C), Hayden (C), Gibson, Smith, Russell, Stucky, Divine (Mgr.).

Front Row—Herben, Ferington, Simmons, Anderson, Saville, Geiger, Schaffer, Mazza, and Collitt.

FOOTBALL 1939

North Central 7	Carroll25
North Central 6	Wheaton19
North Central 33	Concordia 0
North Central 7	Augustana24
North Central 7	Elmhurst 7
North Central 0	Lake Forest23
North Central 19	Valparaiso 6

The 1939 season was not one of the strongest in North Central College football history as the team won only two games, tied one, and lost four. After losing the opening game to a powerful Carroll College team, the Cardinals were beaten by Wheaton, 19 to 6. It was the first time in the 13 years that Gordon Fisher has been coach at North Central that Wheaton successfully invaded Kroehler field. Concordia Teachers' College of River Forest provided the first win for the North Central gridmen who dominated the field with a 33 to 0 win. The following week the Cards succumbed to a strong Augustana team at Rock Island, 24 to 7. Surprising strength by the Elmhurst college eleven held North Central to a 7 to 7 tie in the next game. Lake Forest spoiled the North Central homecoming with a 23 to 0 win, but the Cards came back in the final game to whip Valparaiso University, 19 to 6, on the latter's field.

Dick Hayden, Cardinal co-captain, was of necessity on the sideline for the first two games because of a wrist fractured in scrimmage. He celebrated his first action in the Concordia game by scoring three touchdowns in the first half. Besides Hayden, three other seniors are lost by graduation. They are Co-captain Fred Gillogly, Jim Stucky, and Bob Stoner.

Among the other outstanding players on the team were Bill Shatzer, halfback; Walter Anderson, fullback; Bruce Bishop, halfback; and Harold Riebel, end. Shatzer made himself indispensable by consistently backing up the line. Riebel, a junior, was named

as the most valuable player by his team-mates and at the same time was voted the silver football as the most valuable player during the season.

The season was marred not only by Hayden's injury but also by the periodical absence of other players due to injuries. Coach Fisher consequently had to revamp his lineup for nearly every game throughout the season.

Prospects for next year give indications of a good team. Most of last year's varsity team will be back, and a good crop of last year's frosh will supplement the ranks.

FROSH FOOTBALL

		Morton Jr. College 13
		Wheaton 0
North Central	6	St. Procopius O

The football field was trampled this year by a mighty squad of Freshmen who offered plenty of competition for the varsity in the scrimmages. Every night, rain or shine, this same reliable gang would dress and pad up and come out and take their regular job of being blocking and tackling dummies.

The Redbird yearlings were handed their first and only defeat early in the season and it was no disgrace. The Naperville Frosh team traveled to Morton Juniors' cinder lot and suffered a 13 to 0 defeat.

With a big gap in schedule the Frosh learned aerial and power plays and before long they were giving the varsity some stiff competition.

St Procopius then sent their college team to the Kroehler field. North Central was on their opponent's goal line at least five times and were able to break through only once, but once was enough and the Lisle team went home defeated, 6 to 0.

The DeRoomen finished their season of three games with a defeat against their arch rivals, Wheaton, 6 to 0.

Among the footballers that played through sixty minutes of game time and who look like varsity material are: Novatny, Judson, Dailey, White, Bates, Thomas, Spenser, Hallon, Nicholson, and Bonne.

The coach was Bob DeRoo who should be proud of his boys. The manager was Clayton Meese.

Back Row—Meese, DeRoo, Benning, S. Nicholson, Hollon, Washburn, Parker, Thomas, Spencer, Bates, Stark. Middle Row—Benning, M., Novatny, Dailey, Wedsworth, White, Rodibaugh, Bonne. Front Row—Heimen, Schlafer, Judson, Luther, Knox, Long.

Back Row—Coach Bieber, Hayden, Schendel, Bishop, Brecheisen, Shepherd, Smith, Devine, Lester, Mgr. Boebel. Front Row—Bettinger, Shatzer, Jensen, Stucky, Anderson, Immel, Umbreit.

BASKETBALL

North Central .25 North Central .38 North Central .32 North Central .42 North Central .41 North Central .49 North Central .48 North Central .28 North Central .18 North Central .21 North Central .44 North Central .32 North Central .41	Concordia Teachers 36 University of Chicago 31 Carroll College 39 Beloit College 48 Elmhurst College 27 Augustana College 33 Millikin University 40 Armour Tech 40 Carroll College 37 Illinois Wesleyan 42 Augustana College 23 Lake Forest College 37 Millikin University 35 Armour Tech 30 Lake Forest College 55
---	---

In an erratic season the North Central basketball team came out with seven victories and eight defeats, the first time in the twelve years that Len Bieber has been coach that the percentage fell below the 500 mark.

After opening the season with a win over Concordia Teachers, the Cards lost to the University of Chicago, Carroll, and Beloit in pre-Christmas games. The team opened the new year with successive wins over Elmhurst, Augustana, Millikin and Armour Tech before losing to Carroll at the start of the second semester.

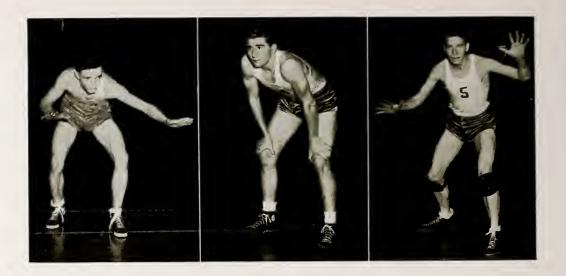

and Augustana then won games before North Central whipped Lake Forest only to be edged out by Millikin at Decatur a week later. Armour Tech then was defeated for the second time before Lake Forest closed the season by winning from North Central, 55 to 38, the first cage win by the Foresters over North Central in 12 years.

Tragedy visited the team at the end of the first semester when co-captain Jim Leasure was declared ineligible. This necessitated shifts in the lineup in an effort to seek another winning combination, costing the greatest of team efficiency in the next few games.

The other co-captain, Jim Stucky, played consistent ball all season before an injury kept him out of the last two games. Stucky was one of the best defensive guards North Central has ever had, using both weight and height to good advantage under the basket. This was his third year as a starter on the varsity five.

With three sophomores, Bill Shatzer, Walter Anderson and Harry Smith, playing in most of the games, North Central fans can look forward to a rosy season on the basketball

court next year. As members of last year's frosh team these three were the leading scorers.

The only seniors lost by graduation will be Leasure, Stucky, Hayden, and Immel.

Highlights among the sidelights of the season occured on some of the trips. Twice Trainer Bill Nicholson was mistaken for the coach, even to the extent of permitting the players a second cup of coffee. Only when the waiter presented him with the bill did Nicholson renounce his pretence and really point out the coach, Len Bieber.

Then, a few weeks later, the team and staff became greatly interested in some of the personalities of George White's Scandals who were staying in the same hotel.

Fred Boebel was the efficient manager of the team.

FROSH BASKETBALL

Answering to the call of Coach DeRoo, some thirty-three aspiring Freshmen candidates reported to Merner Fieldhouse as the basketball season got underway this year. Up until the semester time they beat the Elmhurst "B", Armour Tech, and St. Procopius. Then by a scholastic ruling, two of the mainstays of the squad were removed. That misfortune seemed to be the downfall of the team, for it was defeated in all the succeeding games of the season. The Frosh lost a twin bill to the Lake Forest Frosh, one to Chicago Teachers Frosh and a return game with St. Procopius. The outstanding players of the season were Captain Jim Bates and Chuck Faust. Coach Bob DeRoo announced that he was awarding 16 sets of numerals. Bill Luther was the capable and willing manager.

Back Row—Yenerick, Bailey, Dawson, M. Benning, Coach DeRoo, Spencer, S. Benning, Hills, Peterson. Front Row—Thomas, Matthews, Bates (C), Wedsworth, Judson. Sitting—Faust, Luther (Mgr.), Dailey.

Back Row—Grambsch, Mazza, White, Enz, Schendel, Kemp.
Middle Row—Boetcher (Mgr.), Kemp, Reibel, Stanger, Huke, Henning, Coach Fisher.
Front Row—Weishaar, Briggs, Rikli (C), Arlen, Teichmann.

TRACK

North Central's outdoor track team in 1939 was notable for brilliance in some of the large meets in the Midwest and for weakness in dual competition. The first great triumph came in April when the mile relay team composed of Rikli, Stanger, Arlen and Wagner set a record of 3:19 at the Drake Relays in DesMoines, la.

A few weeks later the cardinal-clad tracksters placed third in the Beloit Relays and took third in the next meet, the Elmhurst Invitational. DeKalb Teachers place first in the Elmhurst meet while Loyola eked out North Central for second place by seven-tenths of a point.

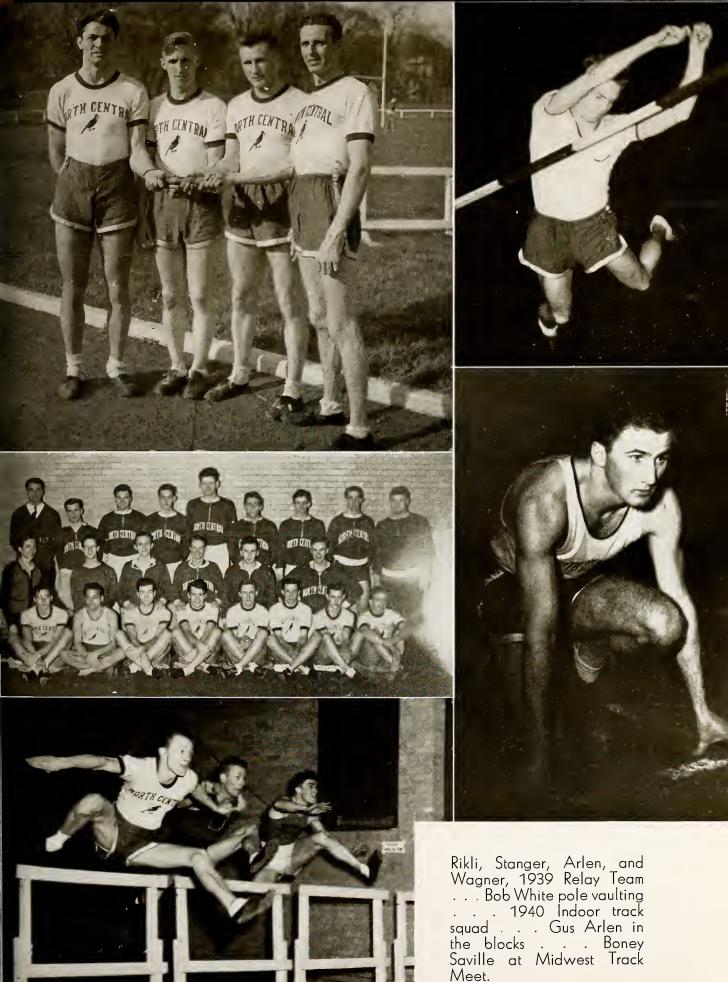

The climax of the season came late in May when the team won the Illinois College Conference meet.

The 1940 indoor season opened with a defeat by Loyola, and a win by Chicago university by a slim margin. Then North Central whipped Armour Tech and Milwaukee Teachers in preparation for the large Midwest Intercollegiate Meet to which North Central was host.

This year's meet was won by Pittsburg, Kan. Teachers college and Butler university who tied for first place with 42 points each. North Central was third. Twenty-two colleges from seven states were represented.

A week later North Central easily won a quadrangular meet with DeKalb Teachers, Milwaukee Teachers and Wheaton. At the Armour Relays North Central was sixth among a large field, the lowest the team has ever placed in that meet. The last indoor meet was in the Chicago Relays where North Central was toppled from its one mile relay crown for the first time. The Cardinal quartet placed third.

The withdrawal of Orville Wagner at the beginning of the second semester was a serious blow to the team. Wagner had been an outstanding performer for the past two years, winning events in both college and university competition.

BASEBALL 1939

North Central 5	Wheaton 6
North Central 2	Elmhurst 6
North Central 8	Lake Forest12
North Central	Lake Forest12

North Central's first baseball game was played at Elmhurst where the team started off the season by beating the home nine 10 to 5 with Gabel, Hayden and Tiefenthal doing the hitting. Three days later on April 25 the team traveled to Armour to beat the Tech-Hawks by a score of 3 to 1. Cooper's fine hitting helped greatly in turning the tide of the ball game. On April 28, Illinois Wesleyan crushed the Cardinals with a score of 15 to 1. The strong Illinois team takes a road trip down south every year and is the strongest team in our conference due to their long season and experienced players. Tuesday, May 2, the Armour Tech team invaded North Central's field at Naperville where North Central proceeded to conquer by a score of 7 to 4. The next game played with Bradley on May 6 proved to be too much for the Cardinal nine, and they lost 12 to 1. Incidentally, the Bradley team was second in the conference. On May 11 the team traveled to Wheaton, where it was beaten by a score of 12 to 5 providina the first licking the Cardinals have taken from the Wheatonites for many years. The following week George Williams College of Chicago came to Naperville to get beaten by a score of 14 to 7. May day, Wheaton came to North Central and won a tight contest by a score of 6 to 5 with Wheaton bringing in the winning run in the last inning. On College Day Elmhurst came to North Central and proceeded to return the licking the Cardinals gave them earlier in the season by beating them 6 to 2. The last home game was with Lake Forest, who won by a score of 12 to 8. On May 28 the team closed the season losing to Lake Forest on their field by a close score of 12 to 11. Gabel, a strong hitter, was injured about the middle of the season and thus weakened the team to some

extent. The pitching was good but there were not enough relief pitchers to assist Johnny "Eagle" Tiefenthal, star pitcher and shortstop.

Sitting—White, H., Ostroth, Yoder, Muller, Streib, Prussner, Scuito, Kruger, Daily, Henning, Rohrs, White, R., Warnock. Standing—Mgr. Knocke, Coach Bowman, Asst. Mgr. King.

SWIMMING

Although the swimming team won but three dual meets last season while losing six, the year will always be remembered as noteworthy.

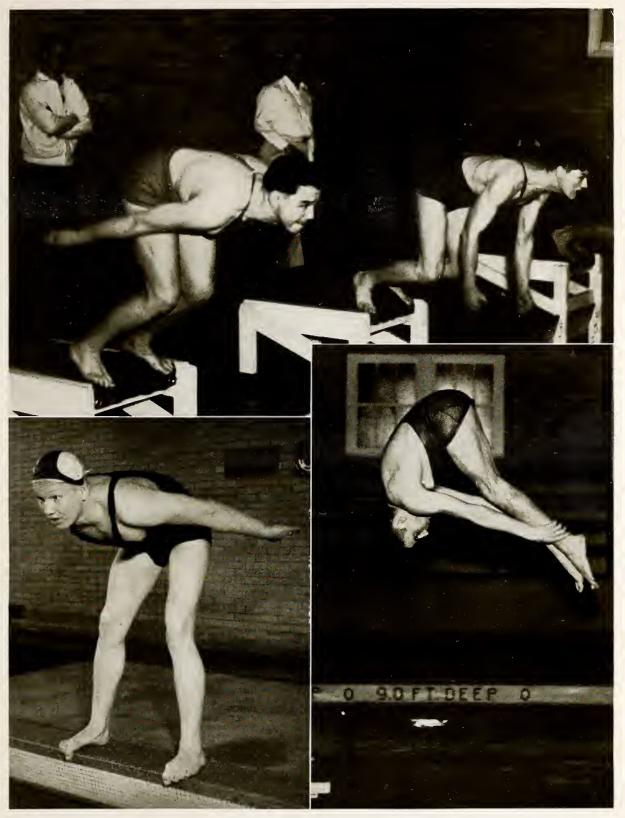

A win over Chicago Teachers and two wins over Beloit were chalked up for N. C. while Chicago University, Armour Tech, Kenosha and Loyola handed the Cards defeats.

The highlight of the season was the capture of the Illinois College conference crown. The Cardinals scored 38 points to 26 for Bradley Tech which was second. The feature of the meet was the new record in the 150 yard medley relay which was won by three North Centralites, Captain Hooper White, Harold Henning and Joe Scuito. Henning also lowered his own conference 100 yard backstroke record from 1:06.4 to 1:04.5.

Without a doubt Henning was the most outstanding star of the season with consistent wins in the 50 and 100 yard free style and 100 yard back stroke. His season record for the 50 was :22.9, only four-tenths of a second above the world's record. His fastest time in the 100 yard free style was :53.7.

At the National Collegiate Athletic Association meet held at Yale University Henning was fourth in the 50 yard free style, qualifying for all-American honors with his performance.

Hooper White and Don Ostroth were also outstanding for superiority in the backstroke and diving, respectively.

—Yoder and Streib taking off for 220 free style with Coach Bowman and Mr. W. Muehl in the background.

—National A. A. U. champ, Hening.

—Captain Hooper White, 1939 champion conference diver.

Standing—Keeler, Rohrs, Hollister, Hofer. Kneeling—Smith, Bursch.

TENNIS

With only a small squad, and several who were new on the team, the tennis squad won but two matches. Don Hofer and Jim Ogborn were the two mainstays of the team, both leading their team mates in matches won. These two and Manager Ralph Smith were the varsity letter winners. Hofer and Ogborn got through the sectional tournament which was held at North Central and represented North Central at the Conference meet where they got to the semi-finals.

The freshmen tennis team played three matches with the Wheaton frosh, winning two and tying one. Frosh numeral winners were Dexheimer, Peto, Eberhardt, Divine, and Wright.

Dr. Irving Keeler was the coach for both freshmen and varsity.

WOMEN'S ATHLETIC BOARD

The Board of Control with the aid of Miss Tanner, its advisor, controls all activities of the Women's Athletic Association. It undertakes all of the business of the organization, arranges schedules, makes plans for parties and play days, and keeps checkupon the income and expenses. This year the board supervised the refurnishing of the club room. The board is composed of fourteen members who meet twice a month.

Last fall the Women's Athletic Association, "Womatha", entertained her prospective members in her own special manner,—a sports party. Soccer, volleyball, basketball, pingpong, archery and swimming tournaments were completed in the fall and awards were given at the annual banquet. The association sponsored a Hallowe'en party, a swim, an all-college party, and an invitational sports party. Members of the W. A.A. attended a play day at DeKalb and sponsored a like affair April 6th here.

WOMEN'S ATHLETIC ASSOCIATION

PIN AND LETTER WOMEN

Women's intra-mural sports are directed by the W. A. A. Awards consist of class numerals at the time of initiation, letters after completion of 12 W. A. A. team or individual activities, and association pins after completion of 16 W. A. A. team or individual activities.

TENNIS

1939 was another successful season for the Women's Varsity Tennis Team. It won four matches, lost two matches, and tied one match. The team defeated North Park, Elmhurst and Chicago Normal and tied Wheaton. It was defeated by Illinois College and in a return match by Chicago Normal.

Smiling Archer.

North Central Netwoman.

ON MAINTAINING

LEADERSHIP · · ·

- To win and consistently hold a place as the recognized leader of school annual printing, has been the record of Rogers Printing Company since its beginning in 1908.
- That we have, during a period of 32 years, successfully produced hundreds of annuals for schools throughout the country, attests our ability to satisfy completely the most discriminating Year Book Staff.
- New ideas, coupled with the knowledge and experience gained through a quarter of a century's service, insure the school that chooses a Rogers printed book of ideal pages "From Start to Finish."
- We are proud that the staff of THE SPECTRUM entrusted its printing to our organization and we herewith present it as an example of our work.

A NOVEL DEODORANT

which does not merely mask or overcome offensive odors by substituting a pleasing aroma, but which actually DESTROYS THE OBJECTIONABLE SMELL and leaves the air FRESH, SWEET, and PURE. It is—

RENOVET

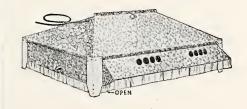

Safe to use as it does not spot woodwork, glass or linen, does not bleach upholstery, and is not absorbed by foodstuffs. Easy to use, merely needs spraying into the air. Economical to use, a little will go a long way.
